Fee Information

Residential: \$800 (this includes 2 reviews for the application)

- \$250 (non-refundable fee) to be paid at the time of application submittal & remainder balance will be due when the application is approved.

- \$350 for each additional review over 2 and is to be paid at the time of re-submittal.

Commercial: \$1500 (this includes 3 reviews for the application)

- \$500 (non-refundable fee) to be paid at the time of application submittal & remainder balance will be due when the application is approved.

- \$500 for each additional review over 3 and is to be paid at the time of re-submittal.

Permits expires 12 Months form the Issue Date. If a project is not completed within the 12 months, a 90-day extension will be required prior to the expiration date.

Acknowledgements

If any project is started before an application has been submitted, an additional fee will be assessed. Refer to the ACC Policy and Procedures Ch. 3.

The Architectural Control Committee shall not be responsible for the workmanship, safety, quality, or conformity to contractual specification of any permitted project. This matter is between the owner and contractor.

Application Checklist

- Fill out, sign, and date the application.
- Fill out the Color Scheme Sheet on page 4. Note: actual samples may be required.
- Fill out, sign, date, and notarize the Indemnity Agreement.

Provide the following with the application:

- Proof of financial ability is to be provided in accordance to Covenant 10 of the Declaration and Protective Covenants. The following are accepted forms of proof:
 1. Provide to the ACC that a suitable completion bond has been made to insure completion of the building and to indemnify Owner against material and mechanic liens.
 2. Copy of a loan that references the owner, dates of the loan, legal description or address of the property, and amount of loan.
 3. An original letter from a financial institution that references the owner, legal description or address of the property, and a statement to the effect the owner has funds available in excess of \$\$\$ for construction. Letter must be signed by financial institution.
- One copy of a builder's risk insurance **policy** in the name of the owner or builder. The policy is to reference the legal description or address of the property, inclusive dates of coverage, and an amount that is equal to the value of the project.
- One copy of Worker's Compensation Insurance, as applicable.
- If the property is on a septic system – one copy of the approved AR Dept of Health Septic Permit, signed. If the property is on sewer – the survey will need to indicate the location of the sewer pump, line, and connection to the main sewer system and signed by Village Waste Water.
- One copy of the survey (11x17 size paper), drawn to scale and meets the requirements set forth in the ACC Survey Checklist (Pg 4 of application). This is to include the AR Dept of Health signature or Village Waste Water's stamped approval. **All the information required by the survey checklist is to be on one copy, and no added information.**
- One set of house plans (max 11x17 size paper) to include: the four exterior elevations that detail the location of materials to be used and a floor plan with dimensions. Note: the dimensions on the floor plan are to match the dimensions of the house indicated on the survey.

Additional information needed, as applicable:

- If the project consists of 2 properties with improvements on both lots, **but** improvements **do not** cross or encroach on any easements, setbacks, or property lines, then a Covenant 15 form will be required with the application.
- If any structure encroaches in a Building Setback, a copy of the City's waiver will be required with the application.

If the project consists of 2 properties with improvements crossing the property line, the application will be sent to CCI to request an easement release.

If the house plans show an additional room that could be a sleeping room, a recorded copy of the City's Deed Restriction will be required with the application.

Applications will not be accepted until all information is provided and correct.

I certify that the above, together with attached survey, construction plans, materials and color descriptions, constitutes a true description of the proposed building and accessory construction and the location on the site of all items of construction will be in accordance with these documents. I further certify that I have read and understand the Acknowledgements described and adhere to the rules, guidelines, and covenants.

Property Owner or Designated Representative Signature

Date

Acceptance: The ACC has reviewed this application, and the project is approved subject to the following conditions:

ACC Administrator's Signature

Indemnity Agreement

Whereas, _____
Property Owner's Name

Of _____
Property Owner's Mailing Address

Has (have) made application and received approval for the construction of a dwelling on Lot ____, Block ____,
Subdivision, Bella Vista Village, and

Whereas, Section 10 of the Protective Covenants of the Declarations of Covenants and Restrictions filed in the
Office of he Circuit Clerk of Benton County, Arkansas, on May 18, 1965, and appearing in Deed Record 373, Page 8 et
seq., provides the contractor, builder, person, or entity, constructing a building upon the property, shall furnish the ACC
proof that a suitable completion bond has been made to ensure completion of the building and indemnify the Owner
against material's lien: and

Whereas, property owner desires a waiver from the ACC from such provisions due to the fact that property
owner is financially able to fully satisfy all material or mechanics' lien and

Whereas, property owner has specifically requested waiver of such requirement for completion bond dueto the
fact that property owner has exhibited financial ability, and has stated his willingness to undertake such construction
without the added expense of completion bond;

Now, THEREFORE, in consideration of the ACC granting a waiver permitting the construction to be made
without requirement of a completion of performance bond as set in Section 10 of the Protective Covenants, property
owner agrees to indemnify and cause to be satisfied any and all material and all mechanics' liens which may be filed
against the said Architectural Control Committee for its failure to require performance or completion bond, and further
agrees to defend and hold harmless the said ACC in any Lawsuit filed by any one asserting a material or mechanics'
lien in connection with the construction of the building on said property.

In Witness Whereof. The undersigned hereunto puts his (their) hand and seal, and hereby binds his(their)
heirs, executors, administrators, successors, and assigns this ____ day of _____, 20_____.

ACC Survey Checklist

General

- All information required by this checklist is to be on one survey.
- All surveys are to meet the Arkansas Standards of Practice for Property Boundary Surveys and Plats.
- Surveys are to be on 11x17 size paper.
- Scale (1" = 20' or 1" = 30'), North Arrow, and completed legend.
- Title Block to include: Owner's/Builder's name, lot(s)#, Block #, Subdivision name, Parcel ID, date of survey.
- Revisions: dated and described, if applicable.
- Provide stamp & contact information for the licensed surveyor preparing the survey.
- Bearings and distances of all lot/property lines -- No overlays.
- Define property corners (SIP, FIP, POT, etc.).
- Show temporary benchmark and elevation.
- Topographic lines at a maximum 24" intervals and identify elevations.
- Identify adjoining lots by lot numbers, common property, etc.
- Identify adjoining properties (common property, reserved, lakes, golf courses, etc.).
- Name of road(s) and define street edge with dimension from property line to street edge.
- Identify and dimension all building setbacks (platted/recorded, city ordinance/requirements, etc.)
- Identify and dimension platted/recorded utility and drainage easements.
- Identify and dimension platted/recorded screening easements, as applicable.
- Show and note floodplain information and reference FEMA FIRM panel number(s).
- Indicate all EXISTING utilities (power poles, guy wires, phone boxes, hydrants, culverts, meters, etc.)
- Indicate all PROPOSED utilities (power poles, guy wires, phone boxes, hydrants, culverts, meters, etc.)
- Indicate all EXISTING structures on the property with dimensions (structures, driveways, sidewalks, seawalls, retaining walls, fences, etc.)
- Indicate all PROPOSED structures on the property with dimensions (structures, driveways, patios, decks, sidewalks, seawalls, retaining walls, fences, etc.)
- Locate proposed residence/building to scale, dimensions, and dimensions from corners of house to lot lines.
- Indicate any encroachments from other properties.
- Indicate proposed finish floor elevations.
- Notes, as needed.

Do not include: City's grading requirements, BMP's, & proposed grades for driveways. NO colored surveys.

Lots that are required to be on septic: include the following along with items 1-27 above.

- Locate soil pit/s.
- Locate proposed septic tank, size, and material.
- Locate proposed septic system to include: lines with dimension length, d-box, insp ports, etc.
- Locate proposed clean out and line from residence/building to septic tank.
- AR Dept of Health statement of approvals, signed and dated by the Health Dept Authorized Agent.
- Notes, as needed.

Lots that are required to be on sewer: include the following along with items 1-27 above.

- Locate the proposed sewer system (include the line from the house to the pump to line to the main system, etc).
- Village Waste Water's statement of approval with authorized agents' signature and date of approval.
- Notes, as needed.

Lake lots and golf course lots: include the following along with items 1-24 above.

- Indicate the name of the lake and/or golf course the property abuts to.
- Indicate the shoreline in relation to the lot line.
- Indicate any existing structures or improvements (seawalls, docks, etc.) with materials and dimensions.
